In line 12 of section 1, the word "be" be changed to six, and the figure 4 be changed to 6.

In line 5, section 2, immediately following the word "screens," there be added: Provided, that this section shall only apply to the windows of such buildings opening into the auditoriums or audience rooms of the buildings named in section 1; and, provided further, that iron bars and heavy iron screens in windows may be placed on hinges, so that they will open outwards and be unfastened at the time of and during any gathering or entertainment held in the buildings named in section 1.

A. G. GATES,  
L. W. DUVAL.

Judiciary committee also recommended the passage of the amendment to the health ordinance.

As to screens and blinds, we recommend that the ordinance now on the books be enforced; the other portion of the petition we understand will be embodied in an ordinance.

Ordinance was then placed on third reading, read by title and adopted as amended; all members voting in the affirmative.

Ordinance relative to health was then placed on second reading and adopted by sections. Placed on third reading, read by title and upon roll call was adopted.

Council thereupon adjourned.

H. C. SISTRUNK,  
City Clerk.

Ocala, Fla., January 30, 1908.  
To the Honorable City Council of Ocala.

We, the undersigned citizens and property holders of Ocala, firmly believing that the high license system now in force is the proper and only manner of regulating the liquor traffic and having so voted at the recent wet and dry election, and further believing that if, by additional regulation, the saloons can be made more of a place of business, and less of a resort, the cause of true temperance will be thereby advanced, do hereby respectfully petition your honorable body to pass such ordinance or ordinances as may be necessary to require the saloons of this city to close

their places of business at 9 o'clock p. m. daily, and also requiring them to remove all screens or blinds that are now used to obstruct the view from the sidewalk in front of their places of business. And we further petition your honorable body that if it be practicable to pass an ordinance restricting the number of saloons to six:

R. L. Anderson, T. T. Munroe, Wm. Anderson, Charles S. Cullen, Louis R. Chazal, A. E. Gerig, Jake Brown, A. E. Delouest, David S. Woodrow, M. J. Roess, Geo. C. Pasteur, H. B. Clarkson, C. N. Schlemmer, B. A. Weathers.

As to the screens or blinds we recommend that the ordinance now on the books be enforced; the other portions of the petition, we understand, will be embodied in an ordinance.

J. M. MEFFERT, Chm.  
L. W. DUVAL.

## FROM FERTILE FLORIDA

What is Going Among the Growers in That State

J. C. Tilson of Morse is shipping considerable grapefruit.

E. B. Powell of Sorrento has on exhibition a sweet potato weighing 18 pounds.

Strawberry shipping from Starke has been set back by the recent cold snap.

B. E. Raysor has been shipping some very fine fruit from his grove near Palatka.

William H. Towles of Fort Myers has had five acres set out with grapefruit trees at Immokalee.

William King of Mims has been receiving returns for some of his beans, which sold for \$4.50 a basket.

Indications point to a heavy crop of pineapples from the Jensen section this year. The crop is looking fine.

J. W. Hall of Caloosa started shipping his oranges this week. He is said to have a fair sized crop of very fine fruit.

C. C. Frank and L. H. Wilson, truckers at Pleirson, Volusia county, are preparing to plant 25 acres in watermelons and cantaloupes.

The thermometer dropped to 32 one day last week at St. Petersburg. The growers were on the alert, however, and no harm was done to the tender vegetables.

It is estimated that it will take 500 cars to carry the coming spring crop from the trucking farms about Wauchula to market, and that the crop will net the growers not less than \$200,000.

Weirdale growers are very busy preparing their lands for the spring crops. Already the watermelons have been planted. Oranges and grapefruit in goodly quantities are moving from there now.

It is claimed by one fruit grower that not more than 20 per cent. of the orange crop south of Tarpon Springs has been shipped yet owing to the low prices in the north. If this is true it means a lot of work for some one.

It is said that at Oviedo there are magnificent orange groves yet laden with ripe fruit unmarketed owing to the low prices, offered, and unless the market revives and better prices prevail, fully one-third of the crop will be lost by dropping off the trees.

In speaking of the coming orange crop the Volusia County Record says: "With normal conditions continuing there will be an immense bloom on the orange trees this season, with the prospect of as large a crop as the state ever produced prior to the fatal freeze of twelve years ago."

The shipment of beans, celery, lettuce and cabbage from Oviedo are liberal. Irish potato and watermelon planting is the order of the day now with some of the truckers. The cucumber crop bids fair to be abundant and shipping will soon begin. Should the favorable weather conditions continue the output of truck will be much larger than ever before.—New York Produce News.

## BIG SLUMP IN EGG PRICES

The last issue of the New York Produce News says that during the past week fresh gathered firsts have made one grand tumble from 23c on Monday to 20c on Friday. The market is weak and indications point to a further decline. One receiver predicts that within three weeks a 15c. market will follow. This idea seems to be extreme and many receivers believe that if the market gets down to 18c., within the next few weeks that the decline will reach its limit. Even now firsts are 5 1-2 cents lower than they were a year ago this time. Refrigerator eggs a year ago were quoted at 24c., while now they are 17c. The cause of the break this week was the heavy receipts. On Friday about 21,000 were received.

You see these words on nearly every wagon that drives by your door, and the same could be said of Carriages, Buggies and Harness. The result is apparent already. We reasoned that we could not afford to handle the Shears, Sawbuck & Co.'s, or mail order house quality of goods, as we must do business with our neighbors and not with customers a thousand miles distant.
